Heads up

* Your first Verizon Wireless bill may be higher than the above total. In addition to taxes, fees, and other one-time charges, there may be a pro-rated month's time between when your service was activated and your regular monthly billing cycle date.

The market you're in determines taxes, governmental fees, and Verizon Wireless surcharges (which are Verizon Wireless charges, not taxes). As of January 1, 2022, for service other than 5G Home and LTE Home (which are not subject to additional taxes, fees, or surcharges), these items can add between 10% and 44% to your standard monthly access and other charges, and may include a Federal Universal Service surcharge (25.2% of the interstate and international telecom charges; varies quarterly based on FCC rate), Regulatory Charge (16 cents per voice line, 2 cents per data only line) and Administrative Charge (\$1.95 per voice line, 6 cents per data only line). Taxes, fees, and surcharges are subject to change. For more details on these charges, call 1-888-684-1888.
